DEERE REPAIR SETTLEMENT

Get Your Dealer Repair Records

Know what you paid before you decide.

Why Your Invoices Matter

Your dealer's online account holds years of parts and service invoices. They show what you paid for repairs since 2018. That helps whether you opt out, file a claim, or object.

What I will help you do

- Download every invoice from your dealer account
- Total your parts and service spending
- Compare it with Deere's repair list in your notice
- Flag repeat repairs and dealer-only work

What you get

- All your invoice PDFs, neatly named
- A spending summary by year
- A plain-language two-page report
- A package you can share with your lawyer

What Information is Needed

1

Your dealer's name and the store you use

2

Your dealer account login. I log in to your account to download the invoices. Most growers will have to create an account.

3

Your Deere notice, if you got one. a photo is fine. Not required

Your records stay private. I share nothing without your permission. You can change your dealer password when we are done.

Ready to start? Call or email.
